The toolkit consists of services and materials that we provide to your department for marketing support. Many of these tools are designed to help you create your own marketing products or publish your own digital content. Of course, marketing will provide you with advice and guidance.

**The tools are:**

**Print Materials and Templates in Word and Publisher**  
for:  
- Flyer/Poster  
- Brochure  
- Rack card

**Pull Up Banner**  
An attractive and portable roll up display banner.

**Photo Gallery**  
Access to hundreds of photographs for your marketing materials.  

**Web Ad**  
An ad on the front page of the RCC website that runs for a minimum of one week.

**Press Releases – PSA**  
Published to all media, on the RCC website, to all RCC, and on social media.

**Social Media Postings**  
Marketing will provide training and advice for your department to successfully use FaceBook, Instagram and Rogue Connect.

**Radio Spots**  
Teachable Minutes: One-minute monologues about a learning or how-to topic by RCC staff and faculty on KLDR/KAJO (Top 40/Community), Q100.3 (Country), KOOL FM (Rock) and 107.5 KISS FM (Pop/ Hip Hop). Build your department or program’s reputation.

**Blog - Rogue Community**  
RCC staff and faculty may provide short (250 words or less) articles that, like the teachable minutes, provide insight, education, etc., for the community. This builds web traffic and reputation for your department or program.

**Website Assistance**  
Marketing will help you with managing your Drupal content and search engine optimization for your department or program’s web pages on the RCC website.

**Landing Pages**  
Marketing can create a stylish and trimmed down version of a web page that includes all aspects of your program. Useful for links from social media campaigns, “Connections” magazine and other printed materials.  
See [www.roguecc.edu/ComputerScience](http://www.roguecc.edu/ComputerScience) for an example.

**Events calendar**  
Marketing will publish your event on the RCC events calendar.
